Tasting Notes: Colour, Aromas and Flavours

Where it goes, it leaves its mark! Please, come by here, Appassionante Bianco! Yellow like its scents, with notes of citrus, melon and apricots, almond and acacia flowers, with exciting nuances of exotic fruit as a special bonus: a bouquet called desire, with so much satisfaction right from the first taste. Savoury and light, just like the special bottle that contains it, designed to please the eyes but above all the environment, through the use of a smaller quantity of glass. With every sip, this white tickles the palate with its juicy freshness and a long mineral finish, with hints of fresh fruit and white flowers.
