Adds flavour on everything

Uncork it and pour it into the glass! With just two gestures you will feel like you are sailing over the Adriatic Sea, toward the Mediterranean. A journey that starts with tempting aromas and ends with a refreshing and summery persistence, which delights like the famous Vivaldi symphony. More than a wine, a pleasure for all seasons and all tables. To be enjoyed as an aperitif and beyond. The ideal friend for vegetarian, vegan, seafood and cured-meat-based recipes. It knows just how to please the palates, with its easy charm.

Tasting Notes: Colour, Aromas and Flavours

Fresh and juicy, with a particularly exotic and herbaceous touch. Well, look at that, its personality is also well expressed in the colour, a delicate yellow with green reflections. Fruity and exotic aromas of pineapple, lemon juice, medlars, surrounded by suffused vegetal and floral sensations of lily of the valley, hawthorn and lemongrass. A taste with a vivid fruity imprint, light and zesty, with a delicious mineral trail. Each sip is almost refreshing and leaves the mouth full of citrus, balsamic and tropical flavours.

Best Food Pairings

The perfect white wine to pair with the following recipes, for an extra touch of freshness, lightness and tastiness: pasta with chickpeas, risotto with clams and saffron, ham and potato croquettes, sea bream fillet with citrus breadcrumbs, sole meunière, rustic pie with speck and cheese, canapés with mozzarella and anchovies.

Cielo supports water projects around the world.
