## Rosé Veneto igt

*... Get Passionate*

Word spreads, especially about the pleasantness of this Venetian rosé wine. That is why we chose an artistic bottle for it, screen-printed to suggest the convivial and "passionate" soul of this particular wine, with its romantic pastel pink shades. Like the famous pink flamingo, a symbol of elegance and rebirth, now comes the Appassionante Rosé wine to immortalize the best aperitifs by the pool and by the sea. Wherever you are, pleasure will follow you with this wine on the table. Its bottle will immediately monopolize the attention ... just wait to discover its full charm.

### Tasting Notes:

#### Colour, Aromas and Flavours

A wine with the colour of a rose petal catches the eye with its spring look. A rosé that conquers you even before tasting it thanks also to the fascinating bottle.

Looking into the glass, you can easily imagine the pink of Italian summer sunsets. Indeed, each sip of Rosé Appassionante is a journey of relaxation. Its aromas remind you of fresh fruit and flowers, with notes of lemon peel, wisteria, strawberries, raspberries and melon. A juicy and crunchy rosé, with a smooth and refreshing finish.

The top for those who love to combine pleasure and lightness.

#### Best Food Pairings

With its delicious fruit character, it seems to be self-sufficient. This is why it is always so exciting, from the happy hour to the after-dinner. However, don't miss its gourmand exploits with many food pairings. With its well-balanced and appetizing soul, it is the perfect rosé wine to accompany recipes of all kinds, able to satisfy every desire.

Pair it with sushi and sashimi, caprese salad, canapés with anchovies and cherry tomatoes, pizza Napoli, melon salad with Feta and basil, roasted asparagus with ham, risotto with strawberries, hummus with vegetables, chicken salad, sweet and sour shrimp.

With so many different dishes, it will become even more "Appassionante".
